Dear Sir,

I had a lecture at 4.00 pm today.

**ACADEMIC YEAR 2022-23
A REPORT ON**

Training Title	ERP Training (Academic Module)
Training Type	In House Training
Participant	All the Teaching and Non-Teaching Staff of MBA & MCA
Venue	LAB O2
Day & Date	Tuesday, 15 th March 2022.
Time	04:30 pm.-05:30 pm.

Objectives:

- ERP training enables staff to complete tasks more quickly, resulting in an overall increase in productivity. Time savings – Employees who have received online or classroom-based QAD ERP training will better understand how to interact with the system to accomplish their tasks.
- The main purpose of an ERP system (Training) is to increase organizational efficiency of an organization by managing and improving how company resources are utilized.
- Effective and efficient handlings.

Description:

- It is a simple, flexible, and effective data collection tool where data can be collected in real time at the location where it is generated.
- The more efficient people are, the faster they usually complete tasks, meaning there is an overall increase in productivity.
- Risk management – reduce risks by minimizing the human error component. The better trained your staff are, the more they understand the system.

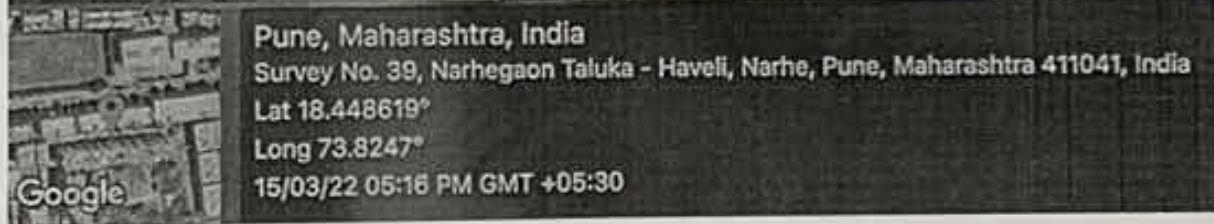

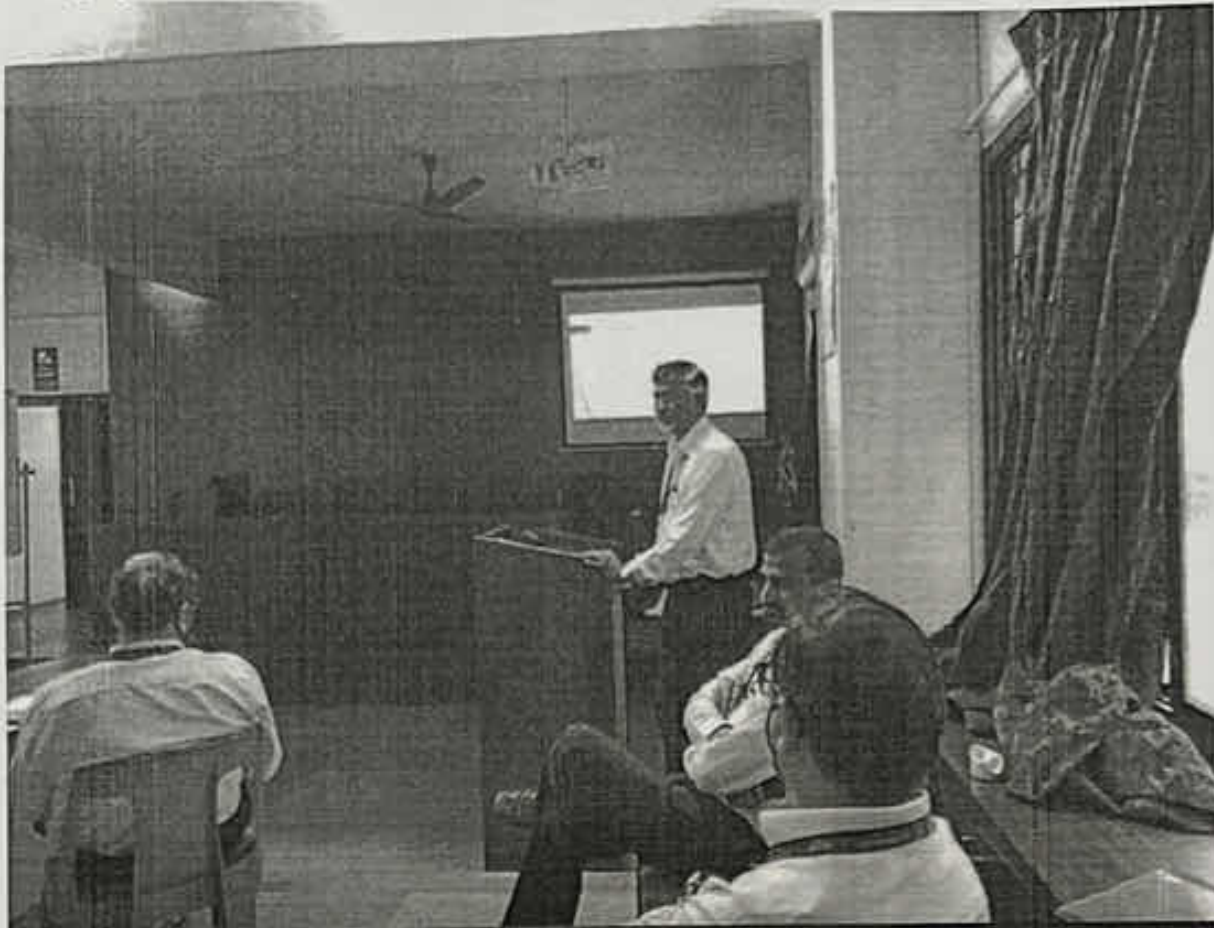

Outcomes:

At the end of the Training:

- Faculty got knowledge of implementing an ERP (Enterprise Resource Planning) system: include improved data security, standardized data, compliance support, increased productivity, enhanced visibility, scalability, mobility, cost savings, organized workflows, real-time reporting, operational efficiency, better customer service.
- ERP software helps make reporting easier and more customizable

1. EXECUTIVE SUMMARY

A session on EBSCO training session was organized on 17/06/2023 at the Chhatrapati Shivaji Maharaj Auditorium. The people from EBSCO were invited to conduct the session Mr.Gaurav V.Date.The faculty coordinator for the evet were Prof Sampada Deshmuk and Prof Sagar Khandekar.

The students were oriented with the EBSCO "Electronic Business Source Complete".

EBSCO is a leading provider of research databases, e-journal and e-package subscription management, book collection development and acquisition management, and a major provider of library technology, e-books and clinical decision solutions for universities, colleges, hospitals, corporations, government.

Students were given live demos of the application on high-quality information resources and technology solutions to help libraries build and manage their collections, meet consumers' information needs, promote lifelong learning and transform lives.

Products like **Databases**(library database services), **Discovery** (create a unified, customized index of an institution's information resources, and a means of accessing all the content from a single search box),

DynaMed Plus (a clinical reference tool for physicians and other health care professionals), Audiobooks/Ebooks (DRM-protected audio and e-books), were discussed with the students. The students along with the faculty participated enthusiastically in the event. The students learned about the coding language, database knowledge, source control, networking and operating system.

2. OUTCOME OF THE EVENT

- I. Information on market requirement.
- II. Analyzing the needs and requirements of users.
- III. Enhancing software skills.
