**ZEAL INSTITUTE OF BUSINESS ADMINISTRATION,
COMPUTER APPLICATION AND RESEARCH (ZIBACAR)**
NARHE | PUNE | INDIA

PUN CODE: IMMP013170

DTE CODE: 6152

AISHE CODE: C-41828

Date: 30 June 2021

NOTICE

You are hereby informed that an activity on “**Tree Plantation**” is arranged for MBA & MCA students. All are requested to join for this Nobel work and contribute towards society. Attendance is compulsory

Date: 3rd July 2021

Venue: ZIBACAR in and around CAMPUS

Time: 9:00 AM to 11:00 AM

DIRECTOR

Director
Zeal Institute of Business
Administration Computer Application
& Research, Pune-411041.

ACADEMIC YEAR : 2021-2022

CLUB NAME: Social Responsibility Club

1. EVENT DETAILS

Day and Date	3 rd July 2023, Sunday
Event Level	Institute
Event Category	Extra Cocurricular Activities
Event Name	Tree Plantation
Event mode	Offline
Venue	Garden area of ZIBACAR
No. of Participants	150

2. EXECUTIVE SUMMARY:

Trees absorb carbon dioxide from the atmosphere during photosynthesis, helping to mitigate climate change by reducing the concentration of greenhouse gases. Through the process of photosynthesis, trees release oxygen into the atmosphere, which is essential for all living organisms. Trees provide habitat and food for a wide variety of plant and animal species, contributing to biodiversity conservation. tree roots help prevent soil erosion by holding the soil together, reducing the risk of landslides and preserving fertile land for agriculture.

3. OUTCOME:

Forests help regulate local and regional climates, moderating temperature extremes and influencing precipitation patterns. Access to green spaces improves mental and physical health, reduces stress, and enhances overall well-being. tree enhance the beauty of landscapes, urban areas, and recreational spaces, enriching quality of life and attracting tourism. eyes provide essential ecosystem services such as water filtration, pollination, and nutrient cycling, benefiting human societies and ecosystems alike. Tree plantation supports sustainable land management practices, promoting long-term environmental health and economic prosperity. Planting trees is an investment in the future, ensuring that future generations can enjoy the benefits of healthy ecosystems and a stable climate.

Date: 1st June 2021

NOTICE

You are hereby informed that an activity on “**World Environment Day**” is arranged for MBA & MCA students. All are requested to join for this Nobel work and contribute towards society.

Date: 5th June 2021

Venue: ZIBACAR Campus

Time: 9:00 AM to 11:00 AM

Director
Zeal Institute of Business
Administration Computer Application
& Research, Pune-411041.

ACADEMIC YEAR : 2021-2022

CLUB NAME: Social Responsibility Club

1. EVENT DETAILS

Day and Date	5 th June 2021, Sunday
Event Level	Institute
Event Category	Extra Cocurricular Activities
Event Name	World Environment Day
Event mode	Offline
Venue	ZIBACAR
No. of Participants	108

2. EXECUTIVE SUMMARY:

Tree roots prevent soil erosion, maintaining soil fertility and preventing sedimentation in water bodies. Trees provide habitat and food for a wide range of plant and animal species, supporting biodiversity. Tree plantation creates employment opportunities in forestry, agroforestry, and related sectors, supporting local economies. Trees provide essential ecosystem services such as water filtration, pollination, and nutrient cycling, benefiting human societies and ecosystems alike. Tree plantation supports sustainable land management practices, promoting long-term environmental health and economic prosperity.

3. OUTCOME:

The outcomes of tree plantation initiatives are multifaceted, contributing to environmental conservation, climate resilience, social well-being, and economic development. By prioritizing tree planting efforts, societies can address pressing environmental challenges while building a more sustainable and resilient future for all. Tree planting initiatives raise awareness about the importance of environmental conservation and encourage sustainable behaviours. Planting trees is an investment in the future, ensuring that future generations can enjoy the benefits of healthy ecosystems and a stable climate. Trees provide essential ecosystem services such as water filtration, pollination, and nutrient cycling, benefiting human societies and ecosystems alike.
