2. EXECUTIVE SUMMARY:

Quantitative research is a systematic empirical investigation that uses statistical, mathematical, or computational techniques to collect and analyze numerical data. This method is particularly useful for measuring relationships between variables, testing hypotheses, and identifying patterns and trends. Here's an overview of key elements in quantitative research:

Qualitative research is an exploratory method used to understand and interpret complex phenomena in social sciences, humanities, and other fields. Unlike quantitative research, which focuses on numerical data and statistical analysis, qualitative research relies on non-numerical data, such as words, images, or observations, to gain insights into the depth and complexity of a particular subject. Here are key characteristics and components of qualitative research

3. OUTCOME :

- 1) Our College Organized special assembly for "Quantitative & Qualitative Research Method' by Prof. Renu Mathew Pune. in the premises, where our students are attend Event at a Institute Level.
- 2) Quantitative research is often used in fields such as psychology, sociology, economics, and the natural sciences. It provides researchers with a systematic and objective approach to studying relationships and patterns within a population

Motivation for Future Goals

Date: 04/08/2018

Report Prepared By:
Prof. Poonam Kadwe

Report Verified By:
Dr. Amod Markale, Director ZIBACAR

2. Zeal Institute of Business Administration, Computer Application and Research, Advisory Board's contribution to the event

The main aim of advisory Board was to have the understanding of the functions of the market. They need to change the overall approach of the students towards opportunities to understand the current needs for the market for job. Keeping the fact in mind this time advisory board has approved the proposal for student development program

3. Executive Summary

Training program details were as follows:

1. *Program*: To get practical knowledge and understand corporate culture through alumni

2. *Program fees*: Free of cost training for the students since it is conducted of Alumni of ZIBACAR.

3. *Eligibility* : MBA and MCA students .

4. *Target Number of Students*: 50

5. Participants

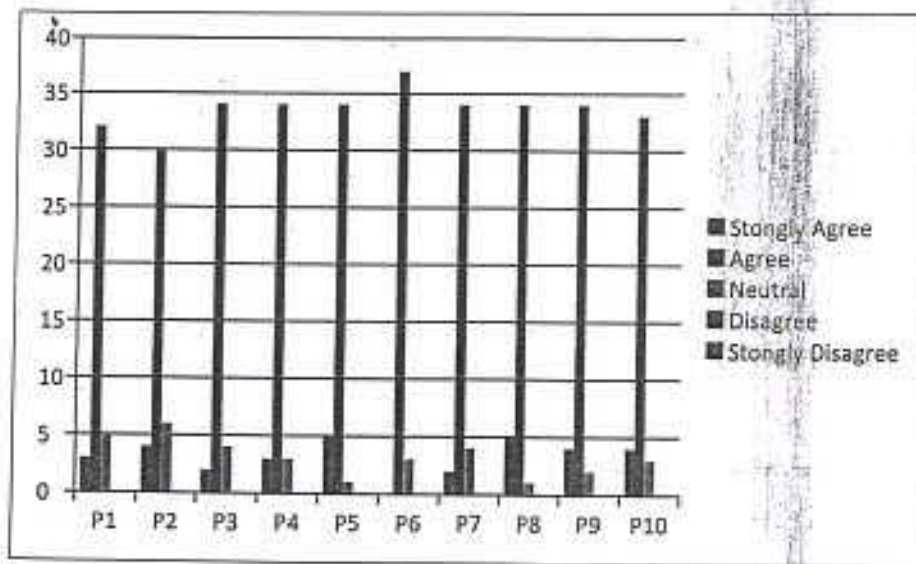

Participants, for the training were MBA/MCA students of Zeal Institute of Business Administration, Computer Application and Research.

6. **Impact of the Training :** Every alumni event is much more than just a friendly meet-up—it has the potential to bring in great rewards for school. That's why it's imperative to ensure that Alumni are brand ambassadors. When alumni speak positively about their former Institute, it boosts the Institute reputation among their connections and the society at large. This promotes the Institute image to prospective students and their families, encouraging more students to attend. Connected alumni are a rich resource of marketplace connections. About 80% of people still find jobs through networking. Mr. Ashish Barbar, Mr. Mayur Pawar, Mr. Ganesh Rokde conducted the alumni sessions on "motivation for future goals" and explore ways of supporting current students and motivating them to work hard in Institute. This session also plays a vital role in the academic community too since Getting B school students back into gear after summer holidays/ Internship and for newly joined students is no easy task, especially when nearly half of them have a chronic lack of motivation.
