Venue	Sports Ground.

2. EXECUTIVE SUMMARY:

Tug of War is a traditional team sport that involves two teams pulling on opposite ends of a rope, with the goal of pulling the opposing team a certain distance towards their side. The sport requires strength, strategy, and teamwork and has a rich history dating back thousands of years. Tug of War teams typically consist of a predetermined number of players who grip the rope at evenly spaced intervals. The main equipment used in Tug of War is a sturdy rope with a center marker, along with appropriate footwear for traction.

3. OUTCOME

1. The most straightforward outcome occurs when one team successfully pulls the opposing team across a designated line or marker, securing a win for their side.

2. In some cases, neither team is able to gain significant traction, resulting in a stalemate where neither side makes significant progress.

3. This can happen if both teams are evenly matched in terms of strength and technique.
