For this program, we invited as a guest to world record holder Mr. Om Mahajan 17 th years old. They had shared their experiences and struggle with us. They had shared how many problems they faced during setting the world record. They had said that they set the world record by continues cycling for 22hrs in a day. They also ride bicycle from Kanyakumari to Jammu Kashmir. They also inspired the young generation by saying that to set record we have to turn impossible things into possible then and then only we become winner. In today's era lot of youth are wasting their time on mobile, enjoyment but he set the record in such small age this is very honourable and great thing for us.

EXECUTIVE SUMMARY

Participants for the Felicitation session were MBA & MCA students of Zeal Institutes of Management & all MBA & MCA Faculty Members Physically Present with proper Social distance in Seminar Hall due to Pandemic Situation.

How can we do eco-friendly Ganpati Visarjan at home?

If you chose to make an eco-friendly Ganpati this Ganesh Chaturthi and brought home a clay set for the same, you must do the visarjan at home in your balcony in a bucket. Process: After the Uttarpuja, which is performed just before the immersion of the idol, take the idol in your balcony. Eco-friendly Ganesh idols are those that are made of clay, natural fibres, paper and other biodegradable materials. These idols, when immersed in water degrade faster and do not harm the environment as much as the ones made of POP

A large amount of these idols is made of Plaster of Paris (PoP), which is a non-biodegradable material which endangers marine life and the health of our water bodies. PoP increases the concentration of heavy metals, dissolved solids and drops the oxygen levels in the water.

Why Eco friendly Ganesh Visarjan?

Reason-1- Does not pollute natural water sources.

Reason-2- Metal content in water affects the quality of foods.

Reason-3 Dyes and glitter on POP idols can harm you as well
Reason 4.Eco-friendly Ganesha idols can be a family-bonding exercise

This is very unique & different type of Competition where students appreciated by Management to give them feel good factor & consider their contribution in development of Institutional & Society development because we must take care of our mother earth.
