ZEAL INSTITUTE OF BUSINESS ADMINISTRATION, COMPUTER APPLICATION & RESEARCH PUNE

Sustainable Development
Goal Booklet

Introduction

History

Established in the year 1996, under the expert guidance of Shri. S. M. Katkar to provide quality education, Zeal Education Society has made a mark for itself as a renowned institute in the Pune region. ZES offer a team of highly qualified Staff, state of the art infrastructure and extraordinary vision that every student who is a part of the Zeal family marches out of the campus with top level confidence and abilities to be competent enough to face the cutting edge competition in the corporate world today. The society imparts knowledge from KG to PhD by establishing Zeal College of Engineering and Research, Zeal Polytechnic, Zeal Group of Management Institutes, Dnyanganga School, Dnyanganga Junior College, Dnyanganga College of Education and Silver Crest School. All the courses are approved by AICTE, New Delhi, recognized by DTE Govt. of Maharashtra & affiliated to Savitribai Phule Pune University.

About ZIBACAR

ZIBACAR welcomes you to the one the finest management institutes in Pune region. We are committed to the proper progress of students for a flourishing career.

The Institute aims at bringing out the budding talents within each student and offer a motivating supervision to discover their capabilities which can help them become competent professionals.

The Institute extends its full support and guidance through well qualified staff who are more that eager to improve professional as well as personal skills and help the students explore their full potential.

ZIBACAR offers state of the art infrastructure inclusive of a pleasant campus, up-to-date equipment and facilities that help the students to concentrate on their work. .
We have a team of highly qualified professors who strive to ensure that they impart knowledge which is sync with the University syllabus and the currents industry prerequisites. The amenities like Culture Centre, Music Studio, Dance Studio, TED Studio etc. have been offering opportunities to the students to showcase their talent.

Sustainable Development Goals (SDGs)

Zeal Institute of Business Administration, Computer Application & Research (ZIBACAR) is committed to promoting and achieving the Sustainable Development Goals (SDGs) outlined by the United Nations. This booklet outlines our initiatives, programs, and actions towards achieving these goals through our academic, infrastructural, and club activities within the MBA and MCA programs.

Academic Initiatives

1. Quality Education (SDG 4)

Inclusive Curriculum: Our MBA and MCA programs include courses on sustainability, ethics, and corporate social responsibility.

Zeal Institute of Business Administration Computer Application and Research (ZIBACAR) is dedicated to integrating sustainability, ethics, and corporate social responsibility (CSR) into its MBA and MCA programs, aligning with the United Nations Sustainable Development Goals (SDGs). This integration aims to develop future leaders who are not only proficient in business and technology but also committed to creating a positive social and environmental impact.

Commitment to Sustainability

ZIBACAR's curriculum includes comprehensive courses on sustainable business practices, environmental management, and green technologies. These courses educate students on the importance of operating businesses in ways that are economically, socially, and environmentally responsible. By understanding the long-term implications of business decisions, students are prepared to contribute to sustainable development, which aligns with SDG 12: Responsible Consumption and Production.

Emphasis on Ethics and CSR

Ethics and CSR are fundamental components of ZIBACAR's educational approach. Courses on ethical decision-making, corporate governance, and social responsibilities prepare students to face moral dilemmas in their professional careers. This focus supports SDG 16: Peace, Justice, and Strong Institutions by fostering a culture of integrity and transparency. Moreover, understanding CSR equips students to engage in community-oriented initiatives, promoting SDG 8: Decent Work and Economic Growth through inclusive and sustainable business practices.

Experiential Learning

ZIBACAR emphasizes experiential learning to bridge the gap between theory and practice. Through internships, live projects, and industry collaborations, students gain practical experience in applying sustainability and ethical principles in real-world scenarios. This hands-on approach not only enhances their learning experience but also prepares them to implement these values in their future workplaces effectively.

Alignment with SDGs

By embedding sustainability, ethics, and CSR into its programs, ZIBACAR directly supports multiple SDGs, including SDG 4: Quality Education, ensuring that students receive an education that empowers them to make a meaningful impact. The institute's holistic approach prepares graduates to become responsible leaders who drive positive change, contributing to a more sustainable and ethical global economy.

1. Experiential learning

Objective of the Visit:

1. To learn financial terminologies through experience

2. To observe the working of virtual portals like GST and Income Tax website

3. To Study the Financial Statements like Balance Sheet, Profit and Loss Account, Cash Flow

To learn the process of company registration

2. Peer Learning

Objective of the Poster Presentation:

1. The programme has been initiated to celebrate the spirit if National integration.

2. It provides an opportunity to showcase innovative ideas, learn from fellow enthusiasts.

Poster presentation Topic:

1. Legends of India:

3. Activity Based learning activities:

Best out of waste:

4. Problem solving:

QUIZ

Supply & Market Equilibrium

NAME: Prajakta Gosavi

DATE: ~~21/12/2022~~ 21/12/2022

ROLL NO: 2224027

Question 1:

1. What is the definition of supply in economics?

a) The quantity of goods and services that consumers are willing and able to purchase at a given level.
b) The quantity of goods and services that producers are willing and able to sell at a given price.
c) The balance between the quantity of goods demanded and the quantity of goods supplied.
d) The total quantity of goods and services available in the market.

ANS: a)

2. What is the law of supply?

a) As the price of a good or service increases, the quantity supplied decreases.
b) As the price of a good or service increases, the quantity supplied increases.
c) As the price of good or service decreases, the quantity supplied increases.
d) The quantity supplied is independent of changes in price.

ANS: c)

3. Which of the following factors can cause a shift in the supply curve?

a) Changes in consumer preferences.
b) Changes in the price of substitutes.
c) Changes in production technology.
d) Changes in consumer income.

ANS: c)

4. Define market equilibrium.

a) The point where the quantity demanded equals the quantity supplied.
b) The point where the quantity demanded exceeds the quantity supplied.
c) The point where the quantity supplied exceeds the quantity demanded.
d) The point where the government intervenes in the market.

ANS: a)

5. What happens in a market when the price is below the equilibrium price?

a) There is a surplus, and the quantity demanded exceeds the quantity supplied.
b) There is a shortage, and the quantity supplied exceeds the quantity demanded.
c) The market is in equilibrium.
d) Producers are not willing to sell any quantity.

ANS: b)

6. How does an increase in consumer income affect the market equilibrium?

a) It causes a leftward shift in the demand curve.
b) It causes a rightward shift in the supply curve.
c) It causes a rightward shift in the demand curve.
d) It has no impact on the market equilibrium.

ANS: c)

7: What is the role of the price mechanism in achieving market equilibrium?

a) It ensures that prices remain constant.
b) It adjusts prices to balance the quantity demanded and supplied.
c) It increases government intervention in the market.
d) It causes a shortage of goods in the market.

ANS: a)

8: What is the main idea behind the concept of elasticity of supply?

a) The responsiveness of quantity demanded to a change in price.
b) The responsiveness of quantity supplied to a change in price.
c) The relationship between demand and supply.
d) The government's control over market prices.

ANS: b)

Database Crossword

Across

5. The collection of values for all fields in one table horizontally is called what?
6. What holds the design and structure of a database inside it?
8. A table that connects two tables is called what?
9. What allows sorted access to tables, rows and columns?
10. The connection between two tables is called what?

Down

1. What is the name of a collection of organised data?
2. What makes a field only have one piece of data?
3. What makes the structure of a database?
4. The collection of values for all fields in one table vertically is called what?
7. The connection between two tables using a field is called what?

Research and Innovation: Encouraging students to undertake research projects focusing on sustainable practices and innovative solutions.

1. Research papers by Faculties

At ZIBACAR (Zeal Institute of Business Administration Computer Application and Research), the faculty actively contribute to the global discourse on sustainable development by publishing research papers focused on the United Nations Sustainable Development Goals (SDGs). Their scholarly work addresses critical issues such as sustainable business practices, ethical governance, and corporate social responsibility, offering innovative solutions and insights that align with the SDGs. By disseminating their research findings through reputable academic journals and conferences, ZIBACAR faculty not only enhance the institute's academic reputation but also influence policy-making and business strategies worldwide, reinforcing the institute's commitment to fostering a sustainable and ethically responsible future.

Research papers by Faculties

Sr.no	Name of Research article	Mapping with UN sustainable goals
1	Chapter 3. A Systematic Literature Review of STEM Education in Changing National and Global Policies and Procedures	Goal 4: Quality Education
2	Smart and Sustainable Agriculture Systematic Literature Review and Bibliometric Analysis	Goal 13: Climate action Goal 15: Life on land
3	Smart city - An assessment of information technology dimensions	Goal 11: Sustainable cities and Communities
4	Social media analytics for societies and businesses: Bibliometric analysis	Goal 8: Decent work and economic growth
5	Study On E-Waste Concerns And Troubles In India	Goal 12: Responsible consumption and production
6	Implementation of sustainable goals for using Artificial Intelligence: Recent Trends and Future prospects (submitted for publication)	Goal 1 to 17

Skill Development Programs: Offering workshops and seminars on topics like renewable energy, environmental management, and sustainable business practices.

2. Gender Equality (SDG 5)

1. Gender Equality (SDG 5)

At ZIBACAR (Zeal Institute of Business Administration Computer Application and Research), the faculty are dedicated to advancing Gender Equality, aligning with SDG 5. They engage in research and initiatives that promote equal opportunities and empowerment for all genders within the academic and professional realms. Through their published research papers, they address issues such as gender disparities in leadership, workplace equality, and inclusive policies, providing evidence-based recommendations to foster a more equitable environment. Additionally, ZIBACAR's curriculum and campus initiatives emphasize the importance of gender equality, creating an inclusive culture that supports the personal and professional growth of all students, thus preparing them to be champions of equality in their future careers.

Equal Opportunity Policies: Ensuring equal access to education and opportunities for all genders in our MBA and MCA programs.

Introduction of Speaker

Felicitation of Adv. Radhika Hastak done by Dr. Madhavi Shamkuwar Mam.

Women Empowerment Programs: Providing leadership training and mentorship programs specifically aimed at female students and staff.

At ZIBACAR (Zeal Institute of Business Administration Computer Application and Research), the faculty are deeply committed to women empowerment, offering leadership training and mentorship programs specifically designed for female students and staff. These initiatives aim to enhance the leadership skills, confidence, and professional networks of women within the institute. Faculty members actively mentor female students and staff, providing guidance and support to help them navigate their academic and career paths successfully. By fostering an environment of inclusivity and empowerment, ZIBACAR ensures that women are well-equipped to assume leadership roles and make significant contributions to their fields, thereby promoting gender equality and supporting SDG 5.

Career Services: Offering career guidance and job placement services that emphasize sustainable and ethical job opportunities for MBA and MCA graduates.

ZIBACAR (Zeal Institute of Business Administration Computer Application and Research) provides comprehensive career services that focus on sustainable and ethical job opportunities for MBA and MCA graduates. The Career Services team offers personalized career guidance, helping students to align their professional goals with values of sustainability and corporate social responsibility (CSR). Through partnerships with forward-thinking companies and organizations, ZIBACAR facilitates job placements in roles that prioritize ethical practices and sustainable development. Additionally, workshops, networking events, and industry panels are organized to expose students to career paths that contribute positively to society and the environment, ensuring that graduates are not only successful professionals but also responsible global citizens.

Entrepreneurship Support: Encouraging sustainable business startups through dedicated incubators and support programs for students.

4. Industry, Innovation, and Infrastructure (SDG 9)

Collaborative Projects: Partnering with industries to develop sustainable solutions and innovations through MBA and MCA projects.

Technology Integration: Integrating the latest sustainable technologies into our curriculum and research activities for both programs.

Infrastructural Initiatives

1. Affordable and Clean Energy (SDG 7)

Solar Panels: Installation of solar panels to power the campus, reducing our carbon footprint.

Energy Effciency: Implementing energy-effcient lighting and HVAC systems throughout campus buildings.

3. Climate Action (SDG 13)

Carbon Footprint Reduction: Implementing measures to reduce the overall carbon footprint of the campus.

Environmental Awareness: Conducting regular awareness campaigns on climate change and sustainability.

4. Responsible Consumption and Production (SDG 12)

Waste Management: Comprehensive recycling programs and waste reduction strategies on campus.

Sustainable Sourcing: Using eco-friendly materials and products in campus operations.

Management of the various types of degradable and non-degradable waste

Effective management of waste – either by disposal or recycling, is a critical process for any organization as it impacts the health and environment of not only the people working and living in the campus but also of those living in the vicinity.The campus has an effcient system for waste management. The housekeeping team takes care of this segregation of solid waste which mainly includes waste paper, garden waste, and plastic waste. Handling over the collected waste in a segregated manner to local authorities is practiced every alternate day. No biomedical waste is generated on the campus. In case of any occasions like blood donation camps, sports, etc.; care is taken to hand over the biomedical waste to authorized agencies whenever required.

Club Activities

1. Environmental Club

Tree Plantation Drives: Organizing tree plantation campaigns and maintaining greenery on campus.

Cleanliness & Tree Plantation at Baneshwar Forest- 05/06/2023

The Zeal Institute of Business Administration, Computer Application and Research (ZIBACAR) MCA & MBA department organized a cleanliness drive at Baneshwar Forest, Nasrapur Taluka Bhor, and District Pune on the occasion of world environment day on 6th June 2023.The faculty coordinators were Dr. Babasahed Mohite and Dr. Rupali Pawar. The initiatives were taken to involve students towards the preservation of green resources. Baneshwar forest is a preserved green area by the government which has a lush green area of thousands of huge trees including fruit plants. Due to visitors spreading and leaving plastic waste in the forest the area was losing its attractiveness. MCA & MBA 1st year students of ZIBACAR visited the forest and cleaned the area by picking up plastic water bottles, plastic wrappers of chips and snacks packets etc.

Swatchh Bharat Abhiyan at Jambhulwadi tekdi on 24/11/2023

Swatch Bharat Abhiyan, or the Clean India Mission, is a national cleanliness campaign launched by the Indian government on October 2, 2014. The campaign was initiated by Prime Minister Narendra Modi with the aim of making India a clean and open-defecation-free country by October 2, 2019, to coincide with the 150th birth anniversary of Mahatma Gandhi. The Swatch Bharat Abhiyan has seen widespread participation from various sectors of society, including government officials, celebrities, and common citizens. The mission has led to significant improvements in sanitation and cleanliness across the country

Swatchata Abhiyan at Jambhulwadi Tekadi 0n 24/11/2021

ZIBACAR organized Swachh Bharat Abhiyan , the primary objective of Swachh Bharat Abhiyan is to eliminate open infections , improve sanitation infrastructure, and promote cleanliness in both rural & urban areas of India. The campaign aims to achieve this goal by building toilets, community behavior change and ensuring the manner of disposal of waste. One of the central focuses is to build toilets in households, schools and public places to provide access to sanitation facilities for all.

Tree plantation of swami Narayan at temple hill on 15-09-2022

ZIBACAR organized a Tree plantation of Swami Narayan Temple hill. Tree plantation projects often involve local communities, providing them with opportunities for employment, education, and empowerment. Trees also offer recreational spaces, improve aesthetics, and contribute to overall well-being in urban and rural areas. Trees play a crucial role in mitigating climate change by absorbing carbon dioxide during photosynthesis, thereby reducing greenhouse gas concentrations in the atmosphere.

Go Green at Vetal Bua Chowk, Narhegaon on 20 Feb 2021

Green initiatives encourage efficient use of resources such as water, energy, and raw materials. This conservation reduces waste generation, lowers resource depletion rates, and promotes sustainable consumption patterns. Green practices lead to decreased pollution levels, improving air and water quality. This, in turn, benefits human health and enhances the quality of life for communities worldwide. Going green contributes to mitigating climate change by reducing greenhouse gas emissions and promoting the adoption of renewable energy sources. This helps to slow the pace of global warming, mitigate its adverse effects, and build resilience to climate-related risks.

Tree Plantation at Swami Narayan Hill on 31st March 2021

Trees absorb carbon dioxide from the atmosphere during photosynthesis, helping to mitigate climate change by reducing the concentration of greenhouse gases. Through the process of photosynthesis, trees release oxygen into the atmosphere, which is essential for all living organisms. Trees provide habitat and food for a wide variety of plant and animal species, contributing to biodiversity conservation. tree roots help prevent soil erosion by holding the soil together, reducing the risk of landslides and preserving fertile land for agriculture.

Swatchata Abhiyan at Narhegoan, Vetal Bua chowk on 19-12-2020

ZIBACAR organized a dynamic Swachh Bharat Abhiyan" (Clean India Mission) is a nationwide cleanliness campaign launched by the Government of India on October 2, 2014. The initiative was spearheaded by Prime Minister Narendra Modi with the aim of making India clean and open defecation-free. While Swachh Bharat Abhiyan offcially ended in 2019, efforts towards cleanliness and sanitation continue as part of ongoing initiatives.

Tree plantation at swami Narayan at temple hill Narhegoan on 26-12-2020

ZIBACAR organized a Tree plantation of Swami Narayan Temple Conducting a tree plantation is a positive and impactful initiative that involves planting trees to contribute to environmental well-being. Begin by planning the tree plantation event, determining the number and types of trees suitable for the area. Coordinate with local authorities and set a date for the event. Prepare the planting site by clearing debris and ensuring proper soil conditions. Arrange for the required number of saplings from a reliable source
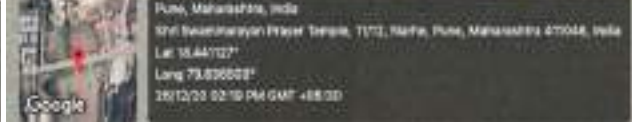

Cleanliness Drive at Jambhulwadi Tekdi on 18 July 2018

Trees play a crucial role in combating climate change by absorbing carbon dioxide from the atmosphere during photosynthesis, thus reducing the concentration of greenhouse gases. Additionally, they release oxygen, which is vital for sustaining life on Earth. Furthermore, trees support biodiversity by providing habitat and food for numerous plant and animal species. Moreover, their roots aid in preventing soil erosion by anchoring the soil, thereby mitigating the risk of landslides and preserving fertile land for agricultural purposes.
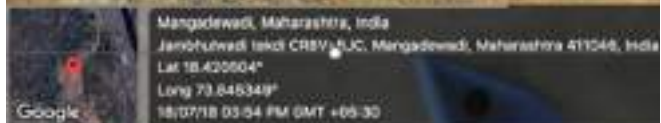

Clean-Up Campaigns: Conducting regular clean-up drives within and around the campus.

2. Innovation and Entrepreneurship Club

Zeal organises cycle rally for road safety

ST CORRESPONDENT
reporters@sakaaltimes.com

Pune: Zeal Education Society organised a cycle rally on January 12 on the occasion of National Youth Day. The rally was a part of the Road Safety Campaign organised by Zeal in association with RTO Pune and the traffic police from January 9 to 23.

The rally was inaugurated by Dattawadi Traffic Department Police Sub-Inspector Subrao Lad, Founder Director of Zeal Education Society SM Katkar, Executive Director of Zeal Education Society Jayesh Katkar, Campus Director of Zeal Education Society Dr Sanjay Deokar and Principal of Zeal College of Engineering and Research Dr Ajit Kate.

The rally started at 7 am from Sarasbaug and concluded at Zeal Education Society's Narhe campus at 8:30 am. Over 500 students and 100 staff members participated in this rally. The main objective of the rally was to make students, civilians and all sections of our society aware about the ill effects of pollution to help bring down current levels of air and noise pollution.

Sakal Times

WINNERS: Around 600 people participated in the cycle rally organised by Zeal Education Society, RTO and the traffic police.

Awareness Programs: Conducting seminars and events to educate the community about the SDGs.

4. Health and Well-being Club

Mental Health Programs: Offering counseling and mental health support for students and staff.

Fitness and Wellness Activities: Promoting healthy lifestyles through fitness programs and wellness workshops.
