Revision: 00		

Institution Industry Cell

The ZIBACAR Institution-Industry Cell is established to synchronize the quality of education to meet the current trends and needs of industry. With an effective IIC the institute aims to produce employable students i.e., “Industry-Ready students.”

The activities of the IIC are:

- To strengthen the relationship between industries and institutes as an ongoing interaction between the Industry and Institute is essential.
- It organizes symposiums, seminars, webinars and workshops by inviting the industry experts as resource persons to share the experience and expertise between institutions and industry for mutual benefits. This helps to integrate industrial training and other inputs to develop students.
- The IIC also arranges industrial visits, internships for students and guest faculty from industry experts.
- Industry Institute partnership reflects in equipping faculty to latest practices and makes the students industry-ready by providing exposure to current industry practices, and hones their skills to adapt changing technologies.
- The primary focus of IIC is to interact with elite industries and extend the efforts in establishing partnership with industries across the country in near future.

Roles & Responsibilities of the Committee Members:

- To initiate different collaboration with industries at institute level by identifying the industrial expectation and promoting institutional preparation for meeting industrial needs by facilitating project work, seminars, workshops and various other industrial training programmes.
- To identify the gap in the curriculum keeping in mind the Program Specific Outcome of their respective department and cater to them by initiating different events, workshop, industry visit etc. in collaboration with different industries.

- To identify the need of the industry and current trend by getting the requirement from the students for initiating different events, workshop in collaboration with different industries.

Institution – Industry Cell Impact Analysis:

- Webinars helps in bridging the gap between Industry and Academia and thus providing the industrial and practical knowledge to the students on recent trends in Industries.
- Students got the opportunity to work in an Industrial Project
- The effectiveness of this practice can be gauged by the great response of the participants of the workshops.
- Students picked up what they learnt at the workshops to implement their own mini project and also final year projects.
- Industrial Visits has been organized to give the students an elaborate exposure towards the industry need in recent times.’
